Naval battles between fleets of ships and monsters of the deep are a vital source of income for the merchant-states of Scardia and Balnerica. Firmly on the wrong side of the conflict, you are assigned to investigate a sudden outbreak of strange illnesses among the sailors of local merchant-fleet. The company you work for is your only source of income and they look for a scapegoat. Clearly, you are the right man for the job. Written by: Jan Wielemaker Directed by: David Sirlin Developed by: Albin Studios GmbH About King's Bounty: King's Bounty: The Legend is a top-down turn-based strategy and RPG game designed for the Microsoft Windows, Xbox and PlayStation 2 game consoles, based on an original fantasy world, and featuring magnificent animated cut-scenes and full voice-overs. It is the first title in the King's Bounty series. Written by: Jakub Sulkowicz Directed by: Tzezana Tukowski Developed by: Konami Published by: Konami About Tales of Vesperia: Imagine a world where Algos, an enigmatic race of beings that wield powerful weapons, rule the earth. But a group of brave heroes called the Vesper Army has risen up, fighting against Algos's oppressive Empire. Set in a visually stunning land inspired by the world of classical art, Tales of Vesperia is a story about two worlds that are clashing to destabilize Earth. Sung-A Kim's survival horror crime caper Haunting: The Murderer is the first in the Haunting franchise which consists of four arcade-style horror games based on Japan's infamous Yakuza underworld. Please note that these games have nothing to do with the Haunting franchised. The game utilizes a unique and contemporary fusion of the traditional survival horror genre and survival arcade game mechanics. Some of your classmates have been infected with the vilest of illnesses and are off to fight the undead, so come along for the ride! Meet the janitor with the calm and collected face, the thief who always carries his loot and the scrawny janitor who looks like Hiccup the Viking.

Face off with a horde of the undead, explore an engaging mixture of real time and idle gameplay. Along the way you will encounter many surprises and hidden treasures, and you will most definitely not be bored by the end! The first in the Haunting series. Game Features: - Collect and use three powerful tools that lets you fully customize your gameplay experience: - The vial. - The hose. - The torch. - Each tool contains its own unique power. - You can combine three tools to build powerful combinations. - Time management and responsive controls allow for a variety of different tactics in battle. - Touching the Vita system screen will cause the zombie to turn to the touch screen, allowing you to catch it off guard. - Each game presents a new story and new characters and obstacles. - The sequel will take players to Tokyo and throw them in the middle of its bizarre murder mystery. - Keep an eye out for special items and treasures. - The first in the Haunting series. Additional Notes: Each game has a hidden room. The one you access in the first game is the Room of the Eyes. It is locked with a key. If you end the game on Easy mode, the Room of the Eyes opens automatically, allowing you to visit it and see a special item - a password. Each game has a hidden room. POST-WAR DREAMS (or PWDP for short) is a 2.5D Story-Rich, Side Scrolling Action Game, set in the wasteland of USA, plagued with constant war. Following the collapse of the economy, government, and society, you must brave heavily armed militia, lawless gangs, dangerous streets, desolate buildings and underground bunkers on your quest to escape this post-apocalyptic wasteland alive. The road to a new life is paved with danger, hope and constant reminders of everything that's been lost. Players are introduced to Garrett, their mysterious vehicle through the wastelands of the United States. In the months since society's collapse Garrett has done all he can to survive, dodging soldiers, gangs and other civilians, but with food, water and other survival resources scarce, he must find his way out of the city if he wants to live another day. Just as Garrett believes he can exit the city scot-free he's waylaid by enemies and rescued by Kara, a former EMT (emergency medical technician), who is trying to lead her own group outside the city limits to probable safety. Her group is made up friends, neighbors, co-workers as well as strangers she's encountered along the way. While Kara has medical training and cunning, which have allowed her

and her group to survive the weeks since the war began, they lack combat skills and Garrett is a logical choice to help ensure everyone's survival. The player may choose to help Kara and her friends or go it alone, with the impacts of the decision coming into view as the first few levels progress. Whatever the course, the player will ultimately end up a part of Kara's caravan whether reluctantly or by choice. While Garrett's fellow travelers will be excited to learn more about their new compatriot, the player may choose to not be as friendly or forthcoming. **About This Game: POST-WAR DREAMS (or PWDP for short) is a 2.5D Story-Rich, Side Scrolling Action Game, set in the wasteland of USA, plagued with constant war.
