- **More checks. Referee finds are now quicker to review and more advanced - with target man and penalties popping out to help you see where the play is.**

Compatible with Xbox One. This story shines a light on a long time dilemma in FIFA, does playing a striker decide the outcome or does a defender? To test our collective feelings of fairness, we bring in EA's new software update, GameFace, which brings new rules to the forefront. Will it reverse the shift in fairness? Fortunately for all soccer managers, we are introducing the GameFace Var Height Stats.

The days of one-size-fits-all subs are over, replaced by a new All-Star section that allows you to play with your favorite FUT player and co-star players of equal rank.
