Start with a few background action clips then a brief story then it's up to you to choose from 2 characters One as director / writer/ Producer of the movie and One as the actor playing the bad guy. Then select your options and fight or surrender. Every choice you make affects you next move and further along the game. The more you play the more decisions you get. Track the progress then unlock bonus levels. Game Controls: Use X & Y to move around or at the highest point of action in a direction. Z = Use the Z button to aim. You got the push of a button and the ability to pull. I must admit I felt a thrill while watching this game as it actually made me feel like a director. I had fun trying to entertain the audience. Game Rating: A6 Adults Only 15+ Music by Paper Diamond "Becoming One" Mastered at Rimat Studios. Made with Creative Commons #CCBY4.0 license Game Description: Fiendish Thieves is a unique Interactive Feature Film / FMV game. It's a comedy about a bunch of bungling burglars that are charged with stealing a rare vintage pocket watch. They decide to call in the big guns for help, in order to take this job seriously. Due to a series of unfortunate events, they end up becoming the inmates of an insane asylum. Other than the quirky setting, the player is presented with a tonne of strange characters to interact with. So some of the fun

will be in seeing what happens. The game is structured in a series of scenes that you play in order. Every scene gives you a choice to play them in an order or a different order. Game Features: * 7 Musical Chapters * 50+ Background Story Chunks * 10+ Different path's * 5+ Different endings * Sparring style testing with best of the best or the worst of the worst (at least for the time). * Multiple backgrounds to the story as it unfolds. * If you get stuck for inspiration, feel free to watch one of the many fan films that are out there. I've enjoyed watching many of them. Their not always the greatest quality but often impressively well done. One in particular called "Quo Quo" that appeared on Youtube and was later featured on Tv shows like "Rick and Morty" and "Will Ferrell's Showbiz Showbiz." *

What's new in Rhombus Legends:

" "But it's my project." "It's my film." "I like some songs from "Grand Prix", but I liked it more when it was made." "Many people in the world don't understand that... and think it's a short film." "After the viewers of "American Pickers" have seen "J'accuse", they'll understand it." "TONIGHT IS A MUSIC VIDEO WORLD PREMIERE" "It's a phenomenon." "The energy and the power of it..." "It's really enrapturing." "The way the audio and image clash to create a feeling." "The way the image collides against the woman is very intelligent." "It's telling more than the light and the colours of it." "Are we going to show the projector?" "Wait!" "Hey, Xavier, Xavier!" "We'll show you from the back of the theatre." "Come on." "Put it down here." "Put it down." "It's great." "We gotta do it again." "We'll do it with the camera." "We'll have a follow-up." " Sure." " Hurry up!" "Coherence..." "Sync in the single color." "Son of a bitch!" "One of my characters is an amateur porn maker." "It's not a cinema, but a private club." "He has a camera hidden in his mouth, filmed from above." "What we filmed tonight is a surprise for you." "We're not going to show you anything, but a montage." "It's original, it's new and it's completely different from "J'accuse"." "SONG "Come Along"" "NARRATION "It's time to decide" "All right."" "So the film's conclusion will be that characters who stayed... manage to get on the right path through the course of the film." "And when you have just one day remaining, you take a white thread... that brings a person back to reality." "That's when you're reawakened and you have a meeting with reality." "The indecision that your character's had over the entire film... will be resolved in the last day of the

**film." "You wake up with the feeling of having achieved nothing." "It's not some sort of resonance." "It's the fact that... people who've achieved nothing in their lives... are not able to find any meaning in their lives."

From LucasM: You are now in the middle of a story that continues to unfold in the world of Fate's Edge. A story that will continue, much to the disappointment of all of us. But you will be informed of this very soon. We tried to help the players as much as possible, but as it is impossible to prepare a full lore-doc with such limited time and resources, that's what we did. Don't worry though, we hope to create a full lore-doc and an in-game faction lore-doc with the future updates. That's why we made the track list. We know it's quite short and you might be disappointed in general, but we hope this will give you an idea of what's to come. The

list does not represent the full soundtrack, nor is there any order. The fact that we put them in such a way doesn't mean that we don't like the tracks. Each of those tracks represent an important event/component of the game. Length: 3:01:00, audio file format: MP3, overall runtime: 3:24:36, download size: 80 MB, download location: \steamapps\music\ Download this update and don't forget to rate this DLC if you like it. Also ask you friends if they like it. It's always nice to know what people think about this game! Story Trailer:
