Jungle Book is a 2016 American computer-animated adventure fantasy comedy film produced by Walt Disney Pictures and released by Walt Disney Pictures, it is the 25th. Produced by DisneyToon Studios, a Disney nature subsidiary, alongside Walt Disney Animation Studios, it is directed by Carlos Saldanha and written by Karey Kirkpatrick, with a screenplay by Kirkpatrick and Craig Gillespie and James Lapine. The film was conceived as part of a deal Disney made with India's Ministry of Information and Broadcast with the aim of bringing Indian folklore to the big screen. It is inspired by Rudyard Kipling's book of the same name. Jungle Book is the second Disney release from India to be released in the U.S. after Bollywood hit Slumdog Millionaire (2008). Disney said the movie would "introduce an animated version of Rudyard Kipling's classic Jungle Book tales to a new global audience". The film also serves as the Walt Disney Animation Studios' second animated film to be directed by an Indian animator, the first being 2008's The Iron Lady and the third in the studio's Disney Renaissance. It features the voices of Ben Kingsley, Bill Murray, Idris Elba, Christopher Walken, Lupita Nyong'o, Scarlett Johansson, Nick Jonas and Neel Sethi. The film was released on May 5, 2016 in India and on May 9, 2016 in North America. It earned \$183 million worldwide. It is also the last Disney animated film produced by Kipling's estate until Disney animator Neel Sethi's 2021 film *U'U'USU*, *The Eagle Huntress*, which was directly inspired by Kipling's *Jungle Book*. Disney's *The Jungle Book* inspired a series of books and a musical, a television series, two video games and an amusement park ride for Disney's Animal Kingdom in Florida. It also inspired the 2018 film of the same name with Andy Serkis reprising his role of Mowgli from the *Jungle Book* film series as a CGI character. I had a wonderful time last week at the terrific World premiere of *The Jungle Book* in LA. A timely reminder to some of the issues that Disney and Hollywood still face when it comes to "Diversity" and "diversity-oriented storytelling. Something about that picture at the top that made me giggle a little so I had to share it
