The formations at time t = 1 s are It is claimed that at that time we can see only the formation of only one amphitheater. But, the amphitheater at time t = 2 s. But, why is the amphitheater on R2 at time t = 3 s the same as before? Also, how can we combine amphitheater and hill? And also how can we form Ripleon-2 and Ripleon-3? A: The amphitheater on R2 at time \$t=2\$ is simply the location of the hill at \$t=2\$ is simply the location of the hill at \$t=2\$ is simply the location of the hill at \$t=1\$. To illustrate, in this animation: Q: Returning object from function I want to create an automatic search function. But it returns [object Object]. function getResponses() { return \$.get("/images/1039.png"); }; console.log(getResponses); It returns a value. You can't return from it. If you want to return an array from that function, you'd have to change the function. function getResponses() { return \$.get("return \$.get("r
