Unlike Office 2007 (see below), which only paid for three licenses, the. If it's not the latest version, try your other Office programs, or try Microsoft's free Office . "This is my first design blog, I'm very new to creating this type of graphic design. I will be posting my own creations and music videos (yep) for anyone to view and critique, just so long as I'm happy with them. I feel that it would be boring if I were making the same thing over and over again...right?" Latest from the blog I've been very quiet on my blog, I've been working lots, creating events for my company (Zurich Tourbillon) and some new stunning pieces for my first collection, I've been in the studio, doing lots of alterations on client's watches. (And I've been writing music all the time). So if you've noticed that I've been inactive, it's because I've been working hard on my new collection, starting from scratch. Hope you're all happy with it! (What do you think of the new design? I'm open to suggestions!) So in other news, I'm about to start working on my second Watch Design collection, a brand new range of unique timepieces in a range of different

genres. I thought it was about time I started to blog about some of my favourite bands, and maybe make some music videos. If you have any suggestions, please let me know!

Monday, 15 September 2009 My husband asked if I would create a new web site for his business. I was skeptical, but I'm glad I said yes, because I really enjoyed doing the work. He has a responsibility to keep up with his customers, and I think this site is a good way to do it. The site is designed to match the brand, and it's for a small business which has a small budget, so it has a very clean look and is very easy to navigate. I really did enjoy creating the site, and I have all sorts of ideas for a future web site. "I created a website for a young art collector in 6d1f23a050
