all this is possible because the aqvox driver is an entirely new approach to the battle between soundcard and media players. it bypasses the windows kernel-mixer, the microsoft sound-system, and the soundcard's codec, and has its own audio core operating in a bitperfect, highly efficient pipeline. note regarding usage of aqvox asio under windows 9x: the aqvox asio usb software for win2000/ xp, vista, is a must try out for every owner of a usb dac or other audio device with a usb-input like eg. amp or cd-player. the price/improvement ratio is simply outstanding, try it out now. in some seconds the demo-software is installed and the huge improvement in soundquality i.e. more open and transparent sound, with better dynamics and more defined low-end can instantly be heard. sure a good hifi set and audiophile music-material is essential. for playing the

top10 over cheap-speakers this software is not needed, because no improvement will be heard. note regarding usage of aqvox asio under mac os x: the aqvox asio usb software for mac os x, 10.3, is a must try out for every owner of a usb dac or other audio device with a usb-input like eg. amp or cd-player. the price/improvement ratio is simply outstanding, try it out now. in some seconds the demo-software is installed and the huge improvement in soundquality i.e. more open and transparent sound, with better dynamics and more defined low-end can instantly be heard. sure a good hifi set and audiophile music-material is essential. for playing the top10 over cheap-speakers this software is not needed, because no improvement will be heard. 5ec8ef588b
